Training the Leaders of Tomorrow

Volunteer Opportunity Volunteer Mentor, Mentorship Program

UNYA's mandate is to provide meaningful opportunities for Native youth in the urban setting. Our goal is to be a safe place for Native youth to come and find out about programs and services at UNYA and in the broader community. We continue to focus much of our efforts on community development initiatives, as we believe that the strengthening of our community as a whole can have a tremendous positive impact on the lives of Native youth.

The goal of the Mentorship Program is to connect Native youth with volunteer community members who will act as mentor, advocate, and friend. Our hope is that the friendships formed will be long term and support the youth as they transition into adulthood. These supportive relationships meet UNYA's mandate by engaging youth in meaningful and fun activities in the community. Furthermore, having a positive and consistent role model who plans one-on-one activities with them will contribute to the youth growing into a capable and confident adult.
